INTERESTS

Exploring and building new projects using React.js. Learning modern front-end frameworks and libraries. UI/UX design and improving web user experiences. Keeping up with the latest trends in web development. Experimenting with animations and interactive web components. Contributing to open-source projects and coding communities. Enhancing web performance and accessibility.

ADDITIONAL INFORMATION

Passionate about building interactive and responsive user interfaces using React.js. Continuously learning and implementing modern front-end technologies. Actively contributing to GitHub repositories and open-source projects. Following the latest trends in web development and UI/UX design. Strong problem-solving skills and ability to work on complex front-end challenges. Interested in developing Web Apps and optimizing web performance. Enthusiastic about learning advanced React concepts like Next.js and server-side rendering.

OBJECTIVE

To utilize my proficiency in HTML, CSS, JS, and React JS to secure a front-end developer position in a dynamic and innovative company, where I can contribute to building responsive, interactive, and user-friendly web applications. To leverage my skills in HTML, CSS, JS, and React JS to obtain a junior web developer role, where I can apply my knowledge to create high-quality web applications and continue to learn and grow as a developer.

EDUCATION

● KARACHI UNIVERSITY FINAL YEAR

ADA

MARCH 2022 - TILL NOW

● UIT UNIVERSITY

COMPLETED MERN STACK COURSE
(4 MONTHS DURATION)

MARCH 2024 - FEBRUARY 2025

- SUPERIOR SCIENCE COLLEGE
AL-FATIMA ACADEMY

ACTIVITIES

● Personal Project: Simple Calculator

Developed a simple calculator using JavaScript, allowing users to perform basic arithmetic operations such as addition, subtraction, multiplication, and division.

2024 - 2025

Personal Project: News Paper

Created a news paper application using React JS, featuring a responsive design and interactive user interface.
